Interests

Mobile app development

I enjoy building native iOS and Android Game applications with Swift and Java/Kotlin, and exploring new frameworks like React Native.

Football

I like to play football.
Football is the most popular sport in the world.
I often play football to keep fit.
My worshiper is C.Ronaldo.

Education

Bachelor's degree of Information Technologies

From April 2021 to April 2025

Odesa Mechnikov National University Odesa, Ukraine

Odesa Mechnikov National University Odesa, Ukraine Odesa Mechnikov National University, often referred to as Odesa National University, located in Odesa, Ukraine, is one of the country's major universities, named after the scientist Élie Metchnikoff, a Nobel prizewinner in 1908. The university was founded in 1865 by an edict of Tsar Alexander II of Russia, which reorganized the Richelieu Lyceum of Odesa into the new Imperial Novorossiysk University

Work experience

Game & Frontend Developer

From May 2014 to December 2019

Software Co Barangaroo, New South Wales, Australia

Fluent in the languages of game development and frontend web design, I craft immersive experiences that captivate users across platforms. Proficient in React, React Native, and a variety of frontend languages, I seamlessly blend creativity and technical expertise to bring ideas to life. From captivating gameplay mechanics to sleek web interfaces and intuitive mobile apps, I thrive on pushing the boundaries of digital innovation.

Game & WebGL developer

Since January 2020 Infopulse Group Tokyo, Japan

With mastery in three.js, WebGL, and a suite of cutting-edge frameworks including Cocos2d, Unity, PixiJS, and Phaser, I specialize in crafting visually stunning and immersive gaming experiences. From dynamic 3D environments to captivating WebGL-powered interfaces, I push the boundaries of digital storytelling and interactivity. With a keen eye for detail and a passion for pushing the limits of what's possible, I thrive on creating experiences that leave a lasting impression.

Skills

Frontend

HTML / CSS, Javascript, Three.js, React.js, React-three- fiber

Backend

Node.js, ExpressJS, MongoDB

Database

MySQL, MongoDB

Version Control

Git, Github

Tools

Visual Studio Code, Postman
